### **Important Notice to Parents, Staff, and Renters**

I am sure you are all aware of the growing concern for the COVID-19 in the state of Virginia. COVID-19 is a new disease caused by a strain of coronavirus. It's part of the same family of coronavirus diseases that includes the common cold. As of Friday, March 13th Governor Ralph Northam has ordered all K-12 schools closed for a minimum of two weeks.

This is a reminder that the June Bug Center follows the Floyd County Public School schedule. Since schools will be closed, **The June Bug Center will also be closed as of Saturday, March 14th, 2020 until schools reopen. All afterschool programs, events, and JBC renter's classes are cancelled until schools reopen.**

We will keep you updated as we learn more information on our schedule and programs. Thank you for your consideration and help with this. We want everyone to stay happy and healthy!

If you have any questions or concerns, please don't hesitate to call our office.

Sincerely,

Emily Gruver
